

REACH 1907/2006 Certificate of Compliance

REACH - EU Legislation for dealing with chemicals (Regulation no.1907/2006)

Dear customer,

thank you for your enquiry concerning REACH and it's consequence to your business with Digital Mechanics, we are pleased to inform you as follows:

- We are not a manufacturer nor an importer of chemical substances being regulated by REACH.
- Actually, we are selling 3D-printed products, made of material containing chemical substances, which have to be registered according to REACH, however the requirement of registration do not apply to us, because the substances have already been registered by our suppliers and importers. Please see article 7.6 in the regulation.
- In accordance with article 34 and 37 of the regulation, we fully acknowledge our obligations as a distributor.

For more information about the REACH regulation, please visit the website of Kemikalieinspektionen: www.kemi.se and search for REACH
